TEMSEA nurtures success and positively changes lives through teaching, learning and service.

OUR VISION

- Provide EMS Educators with an opportunity for growth, academic achievements, and leadership in the developing EMS Educational arena.
- Work with the Division of EMS to provide Educator Development.
- Advocate legislation and regulations that promote the growth and development of the EMS Profession.

SUPPORTING THE EMS COMMUNITY

The Tennessee EMS Education Association was initially formed in 1988 when the West Tennessee EMS Educator's Association was formed to unify EMS education's voice. After recognizing the state's similar needs, this association joined with educators from Middle and East Tennessee to form the Tennessee EMS Education Association.
